

PRESS RELEASE: Thursday 10 November 2022

Celebrating our Wicklow Heritage

All are welcome to attend 'Celebrating our Wicklow Heritage', a Coastal Uplands: Heritage and Tourism (CUPHAT) event, in Rathdangan Community Hall from 2pm to 8pm on Tuesday, 22 November 2022.

CUPHAT, supported by the European Regional Development Fund through the Ireland-Wales Cooperation programme, focuses on heritage-based tourism in the coastal uplands of Ireland and Wales. The project seeks to showcase the shared and distinctive heritages of the Blackstairs Mountains and Wicklow Mountains, and Cambrian Mountains and Preseli Mountains in Wales.

The upcoming celebratory event invites local community members in and around the southern Wicklow Mountains to bring along items they feel are important in representing the history and heritage of their area, including: photographs, artefacts, crafts, tools, objects, memorabilia, and postcards. The CUPHAT team will be there to hear stories about why these items are important and there will be an opportunity for some items to be digitised and preserved for future generations.

Community members are invited to drop-in at any point during the day. An exciting programme of events showcasing local history and heritage is planned, with speakers, music, and opportunities to watch old video footage and hear voices from the local area. This event is free to attend and tea, coffee and cake will be provided throughout the day.

The CUPHAT Project Team describe the event as being "an important way to share, celebrate, record and preserve the things that are important to the rich and diverse heritage of these communities. A full programme of events will be released closer to the day, so please check CUPHAT's social media accounts."

Another CUPHAT event, 'Celebrating our Blackstairs Heritage' will also be happening in the Blackstairs Mountains, in Nicky Rackard Community Centre, Rathnure, on 21 November 2022 from 2pm – 8pm.

ENDS

Further information

Coastal Uplands: Heritage and Tourism (CUPHAT) is funded by the European Regional Development Fund (ERDF) through the Ireland Wales Co-operation Programme. The project will work with a range of community, local and national stakeholders from Wales and Ireland, with Aberystwyth University leading the project, and working in partnership with University College Dublin and the Dyfed Archaeological Trust. The project aims to showcase the natural and cultural heritage of four coastal upland areas in Ireland (Wicklow and Blackstairs Mountains) and Wales (Cambrian and Preseli Mountains) to increase sustainable forms of tourism within them, thus leading to the creation of more sustainable livelihoods, communities and environments.
